

ARCHITECTURAL CYLINDER SERIES GKOARCG1

Product Overview

Series GKOARCG1 Power & CCT Selectable Architectural Cylinder Lights feature a modular design with a wide range of mounting, lens, and trim configurations. Choose from 3 power options and 5 CCT options with switches accessed on the top of the fixture, and customize the beam angle from 18° to 50°.

Key Features

CONSTRUCTION:

- Die-cast aluminum housing in a stylish cylinder design.
- Field-interchangeable parts for easy customized installations.

FINISH:

- Strong, durable powder coat finish for long-lasting white color.
- Fixture may be disassembled for application of custom RAL finish.

OPTICS:

- Light engines are available in standard 2700K, 3000K, 3500K, 4000K and 5000K configurations in 90 CRI.
- A range of lumen options available from 800 to 4,000 Lumens.
- Impact and UV-resistant polycarbonate lens is precisely designed to give a specific light distribution, maximizing efficiency and application spacing.
- Continuously adjustable beam angles from 18° to 50°, with preset stops at 18°, 24°, 36°, and 50°.
- 3 trim options and 5 additional lens options offer a wide range of light distribution and design configurations.
- Low glare with UGR<13.

WARRANTY:

- 5 Year Limited Warranty.

ELECTRICAL:

- Universal 120-277VAC or 120-347VAC input voltage.
- Integrated 2.5KV surge protection.
- 0-10V dimming driver as default.
- THD: ≤20%, Power Factor: ≥90%.

CONTROLS:

- Power & CCT adjustment controls are standard, enabling power selection from 3 power options, and CCT selection from 2700K, 3000K, 3500K, 4000K or 5000K.

INSTALLATION:

- Default surface mount for flush wall or ceiling surface mounting.
- Optional adjustable surface mount for angled wall or ceiling surface mounting may be adjusted 0° - 355° horizontally and 0° - 90° vertically.
- Included 4' or optional 12' cord mount for cord pendant mounting. Cord may be trimmed to custom length.
- Optional 4' or 8' stem mount for stem pendant mounting protects the cord. Multiple stem mounts may be stacked together to extend the total stem length.

LISTINGS:

- UL listed for damp locations.
- Rated for ambient operating temperature -4°F to 104°F (-20°C to 40°C).

Configurations

Modular design allows mix and matching of mounting, trim, and lens options.

Mounting Options

Surface Mount

Default surface mount allows flush surface mounting to a ceiling

4' or 12' Cord Pendant Mount

Included 4' or optional 12' cord may be trimmed for custom length pendant mounting

4' or 8' Stem Pendant Mount

Optional stackable stem for pendant mounting matches fixture finish

Potential Mounting Applications

Adjustable Surface Mount

Optional adjustable surface mount allows 355° horizontal rotation and 90° vertical rotation. Potential mounting applications include 45° adjustable ceiling mounting, 45° adjustable wall mounting, and 90° adjustable wall mounting

Lens Options (Sold Separately)

Softening

Creates a uniform, soft, and comfortable light output

Linear Spread

Elongates the beam, changing the light to a rectangular spot

Single Side Wall Wash

Creates a uniform wash of light on one wall

Double Side Wall Wash

Creates a uniform wash of light on two walls

Hex Louver

Creates focused lighting with reduced glare (UGR<9)

Trim Options (Sold Separately)

Vortex Baffle

Creates a uniform, comfortable light output without any harsh shadows

Cross Baffle

Creates a focused light output and reduces glare

Wall Wash Baffle

Creates a soft and uniform wash of light on the wall
